

Loopy Flower Bow

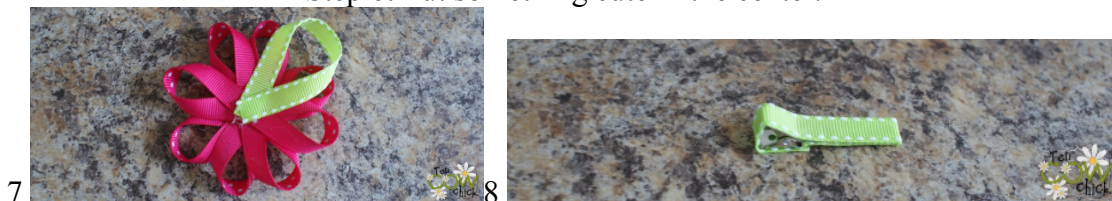

- Step 1: Cut four, seven inch pieces of ribbon. I used 3/8th inch grosgrain ribbon.
 Step 2: Fold the ribbon in half and pinch it. This way you know where the center is. Put a dot of hot glue in the center and loop your ribbon around.

- Step 3: Loop the other end around and glue down.
 Step 4: Repeat step 2 and 3 with your other pieces of ribbon.

- Step 5: Glue and stack your layers together.
 Step 6: Put something cute in the center.

- Step 7: Cut a piece of green ribbon five inches long. Loop it around and glue it to the back of your flower.
 Step 8: Glue your flower onto a ribbon lined hair clip. Your all done!
